

SWPESELF PRIMING SEWAGE PUMP

Performance Curves

Typical Applications

- Agricultural irrigation systems: Provides efficient water delivery for crops in remote areas.
- Livestock watering: Ensures a constant water supply for animals in off-grid locations.
- Fish farming: Maintains water circulation and aeration in ponds and aquaculture setups.
- Community water supply: Supplies clean water for drinking in rural and underserved communities.
- Garden and landscape watering: Powers irrigation for home gardens, parks, and landscapes sustainably.
- Solar water fountains: Ideal for decorative water features in eco-friendly setups or parks.
- Remote construction sites: Supplies water for construction activities in off-grid project locations

Features

- High-Pressure Performance: This Small High Pressure 25kg SWPE 20 2 inch Fire Fighting Water Pump boasts an impressive discharge capacity
- Reliable and Durable Design: With a recoil starting system and a robust gear pump structure, this pump ensures reliable operation and long-lasting performance, backed by a 1-year warranty.
- Efficient and Energy-Saving: This 7HP electric pump operates at 220V, providing efficient power and energy-saving benefits, making it an ideal choice for environmentally conscious users.
- Compliance and Safety

Technical Data

Parameter	Model	Suction port diameter	Discharge port diameter	Suction Height	Total head lift	Discharge capacity	Dimensions (mm)			Gross/Net Weight (kg)	Displacement (ml)
							L	W	H		
SWPE 20	SWPE 20	50mm	50mm, 40mm, 40mm	11m	65m	35 (m³/h)	535	430	480	25/27	212
SWPE 30	SWPE 30	80mm	50mm, 40mm, 40mm	19m	95m	85 (m³/h)	665	505	580	45/50	420
